Portsmouth, N. H., February 27, 1929.

County Commissioners,
Carroll County,
New Hampshire,
Dear Sirs:

Following are estimates for different size pipe-line from the County Farm Buildings to the Court House at Ossipee, N. H., based on the data given me at our conference, February 22, 1929:

4,600 ft.—3 in. McWane precast pipe, at 40c	\$1,840 00
Specials for blow offs and connections,	50 00
Laying, including hauling, ditching, and back- filling,	1,600 00
	<hr/>
	\$3,490 00
Engineering and incidentals, 10%,	349 00
	<hr/>
	\$3,839 00

4,600 ft.—4 in. McWane precast pipe, at	
55c,	\$2,530 00
Specials for blow offs and connections,	75 00
Laying, including hauling, etc.,	1,840 00
	<hr/>
	\$4,445 00
Engineering and incidentals, 10%,	444 00
	<hr/>
	\$4,889 00
4,600 ft.—6 in. McWane precast pipe, at	
80c,	\$3,680 00
Specials,	100 00
Laying as per above,	2,100 00
	<hr/>
	\$5,880 00
Engineering and incidentals, 10%,	588 00
	<hr/>
	\$6,468 00

The above pipe prices are based on this year's quotations delivered at Ossipee, N. H. I would not recommend anything less than 4-inch, even for just domestic use, although that size would not furnish any hydrant service, but would furnish one fair $\frac{5}{8}$ in. or $\frac{3}{4}$ in. stream through a short length of hose, such as are installed inside of buildings or for sprinkler service for a limited area.

A 6-inch pipe would give two good fire streams at the Court House, if played the whole length from the end of the 8-inch pipe from the reservoir to the Court House. Calling the distance 9,000 feet, the estimated cost would be \$12,500.00. If this was done it would give the County Farm Buildings good fire protection as far as water and pressure would be required for such delivered at this point. As to the quantity of water available, that can only be determined at a time when a proper investigation can be made. I would recommend a survey of the pro-

posed pipe line and a profile of the same made.

Yours respectfully,

L. E. SCRUTON.

April 10, 1929.

The Carroll County Delegation met in Room 300, Patriot Building, on April 10th with 13 members present. The sum of Forty-two Hundred Fifty Dollars (\$4250.00) was raised and appropriated for long term notes in the year 1930.

S. H. PAUL, Clerk

COMMISSIONERS' REPORT

To the Citizens of Carroll County:

In compliance with the State law, we hereby submit our annual report for the year ending December 31, 1929, with a statement of the financial condition of our county, including reports of the Treasurer, Superintendent of the Farm, Solicitor, Clerk of Court, Sheriff and other officers.

Mr. and Mrs. Mason, superintendent and matron of the Farm, handed in their resignation to take effect October 1st, 1929.

We, the commissioners, gave it a great deal of thought and study and think that we are very fortunate in securing the services of Mr. and Mrs. John W. Craig of Tuftonboro as superintendent and matron.

We have our sick ward completed with six rooms to take care of the sick and have a nurse on duty all the time. We would like to see the County Institution rank among the best in the State and we believe that it can be done with the cooperation of the citizens of Carroll County at a very little cost.

We, the commissioners, extend to you, the citizens, an invitation to come and inspect your Institution.

CHARLES E. SMART,
CHARLES M. TOWLE,
HORACE RUST,

County Commissioners.

Report of County Solicitor

To the County Commissioners:

During the year 1929, nine indictments were returned; four for larceny, two of which are waiting trial and two have been given jail sentences; two for breaking and entering which were disposed of by accepting a plea to a lesser charge; two for forgery which were continued until the May term, 1930 for sentence, and one for statutory offense in which jail sentence was imposed.

One hundred and five cases were brought before the three municipal courts of the county. Of this number, forty cases were for liquor violations; fifteen for statutory offenses; fourteen for larceny, and eleven for non-support.

The county has been free of any great amount of serious crime and this has resulted in most cases being entered in the municipal court. This procedure has the advantage of prompt punishment and also does away with the delays that are necessary where the cases are brought before the court.

The worst class of violations which I have to deal with is larceny from summer places. The delay is so great before the break is found that there are generally no clues to go on. The owners of the property have difficulty in telling what, if anything, has been taken.

I would suggest that no valuables be left in a place that is closed; also that an inventory of the furniture and bedding left in the place be taken.

The work of the sheriffs has been prompt and diligent to suppress any violations of which they have knowledge. Too much credit cannot be given for the work which they have done.

Respectfully submitted,

PRESTON B. SMART.

AUDITORS' REPORT

Carroll SS.

TO THE SUPERIOR COURT:

The undersigned Auditors for said County of Carroll respectfully represent and report that we have examined the accounts of the County Commissioners, County Treasurer, and Superintendent of the County Farm, from July first to December thirty-first, 1929 inclusive, and find them supported by proper vouchers.

We believe articles purchased for the County have been bought at their market value and used for the benefit of the County.

We have audited the bills of the County Commissioners for services and expenses during said term amounting to \$908.20.

ARTHUR E. KENISON,
EUGENE M. DRAKE,
County Auditors,

January 10, 1930.
